### WHAT THEY'RE SAYING ABOUT HEAVEN ON EARTH

*"Heaven on Earth is gorgeous. Tania has a beautiful and moving voice. Some graffiti on a wall said, 'Without music, life would not be fair.' After hearing you sing some favourites of mine, I'd say, 'Without Tania, life would not be fair.'"*

Dan Millman, Mindfulness expert and  
Author of best-selling *Way of the Peaceful Warrior*

*"In Heaven on Earth, Tania de Jong's soaring soprano brings classical and popular favourites, mantras and original compositions to life, creating a light-filled soundtrack for relaxation, inspiration and meditation."*

Danielle Kirk, Editor, Wellbeing Magazine

*"Heaven on Earth is Tania de Jong's beautiful and ethereal album featuring her wonderful melodies and lyrics and her glorious voice. Her songs will take you to a peaceful place in an ever faster moving world."*

Ray Kurzweil, inventor, author and futurist

*"The songs are all about journeying beyond the  
here and now, opening your heart, finding your  
light, letting it shine, the importance of love and  
the reminder that there is only this present  
moment. I hope you find as much light, joy, love  
and peace in this music as I do."*
