Dear Tania,

I write to congratulate you and your team on your facilitation of the Faculty of Law and Management's recent two day retreat at Werribee Mansion for 32 of our senior staff. It was a challenging experience as with the growth and expansion our Faculty has experienced over the past three years, it was the first time that the majority of these staff had spent any extended period of time together.

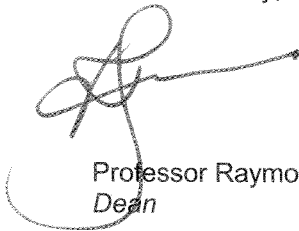

I had wanted to do a serious team building exercise and canvassed a number of options deciding against the "rope climbing over water" type facilitators in favor of the creativity exercises that your team undertook. The exercises undertaken were certainly different, and innovative, creative even! I was pleased with your team's efforts to gel our group.

The team building undertaken on the first day led to the excellent planning results we achieved on the second. While we have much to do, we have developed four very clear areas of focus to take us forward over the next decade.

Our thanks for your role in leading us to that path. We will be in touch in the New Year to plan further.

Best wishes for the festive season.

Yours sincerely,

Professor Raymond Harbridge LLD
